

DODGE & BURN

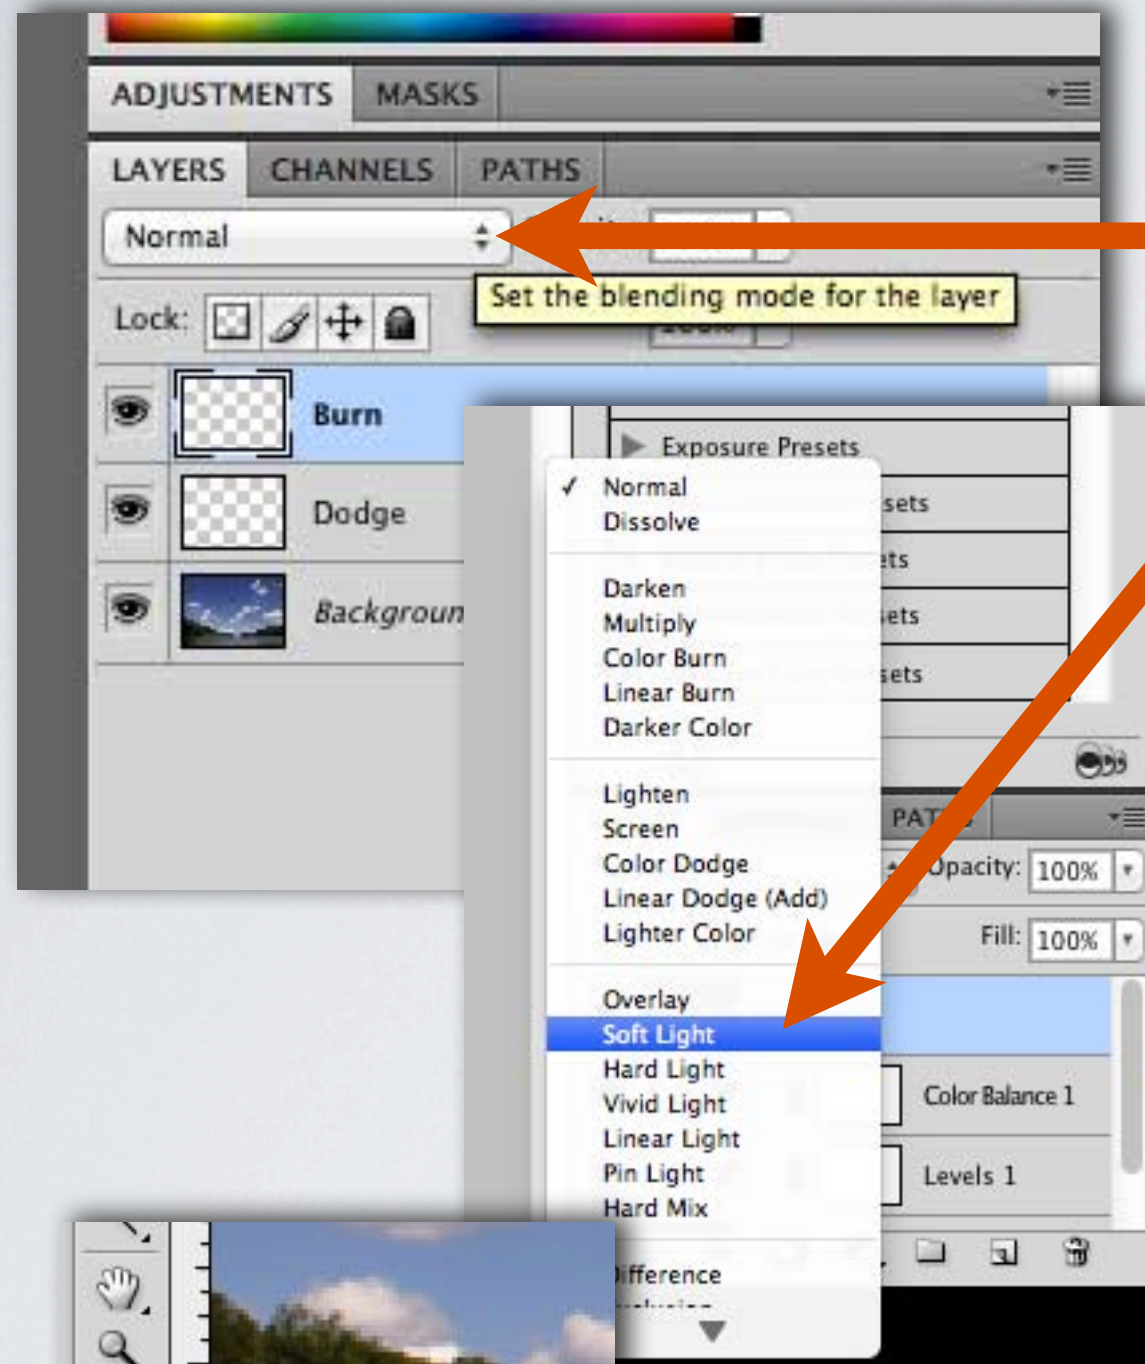

Name them

Edit
> Fill

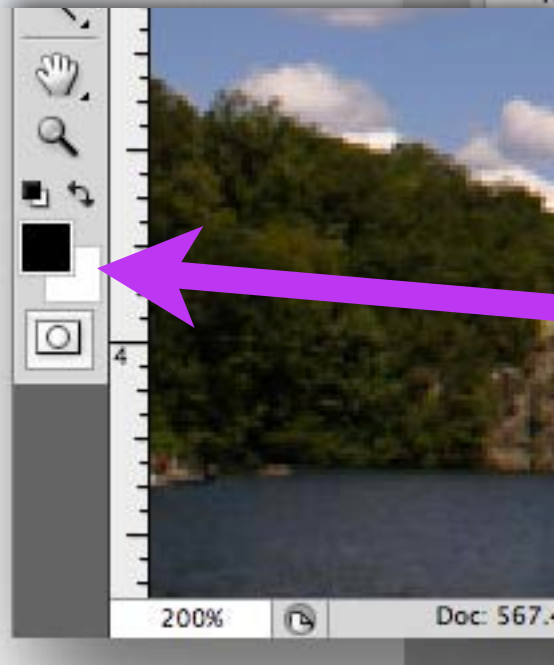

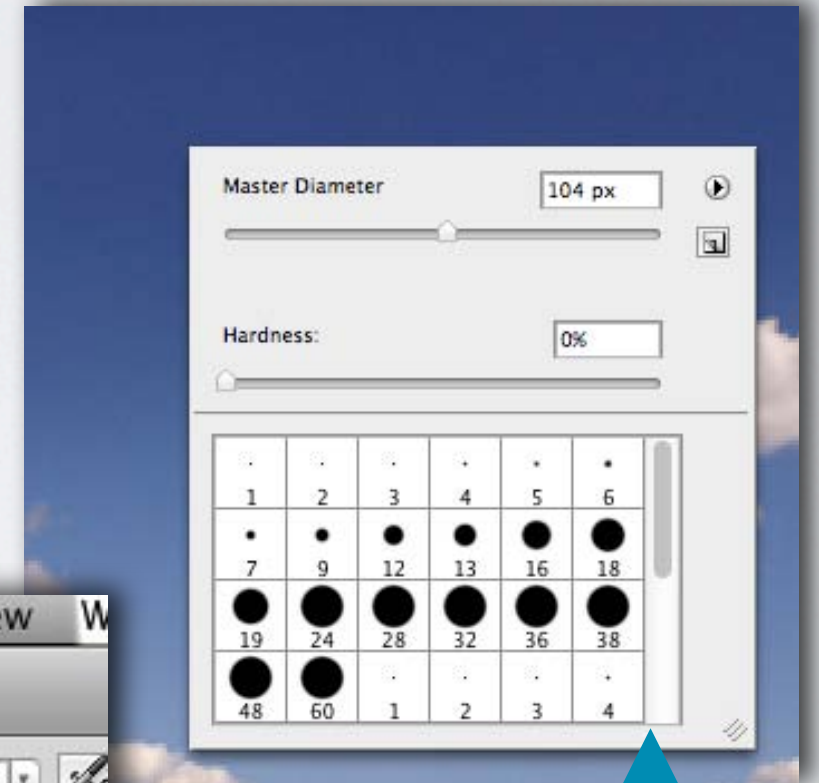

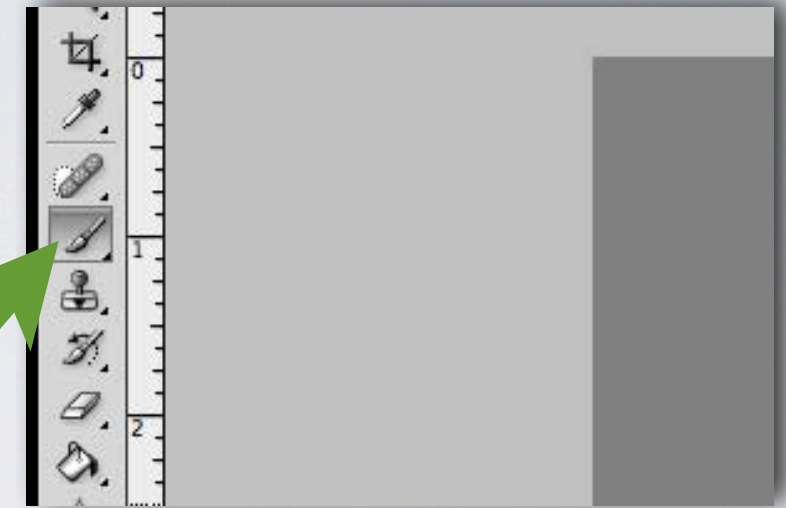

Fill with 50% Gray

DODGE & BURN

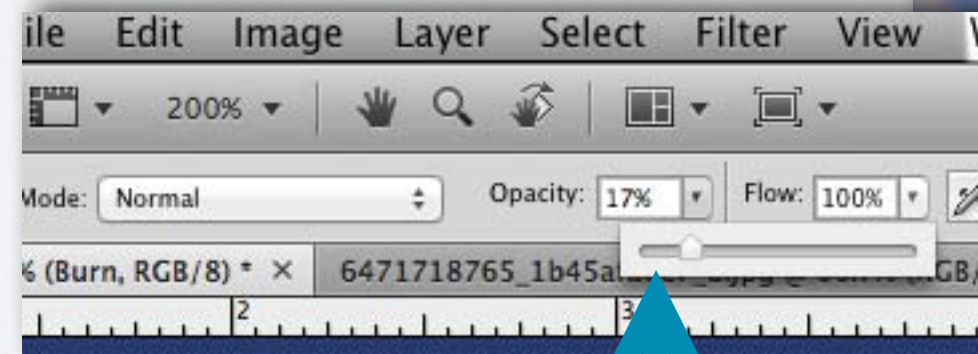

Change the blend mode to Soft Light

You will now use the Paint Brush (B) to paint in black on the Burn layer to darken areas AND paint in white on the Dodge layer to lighten areas

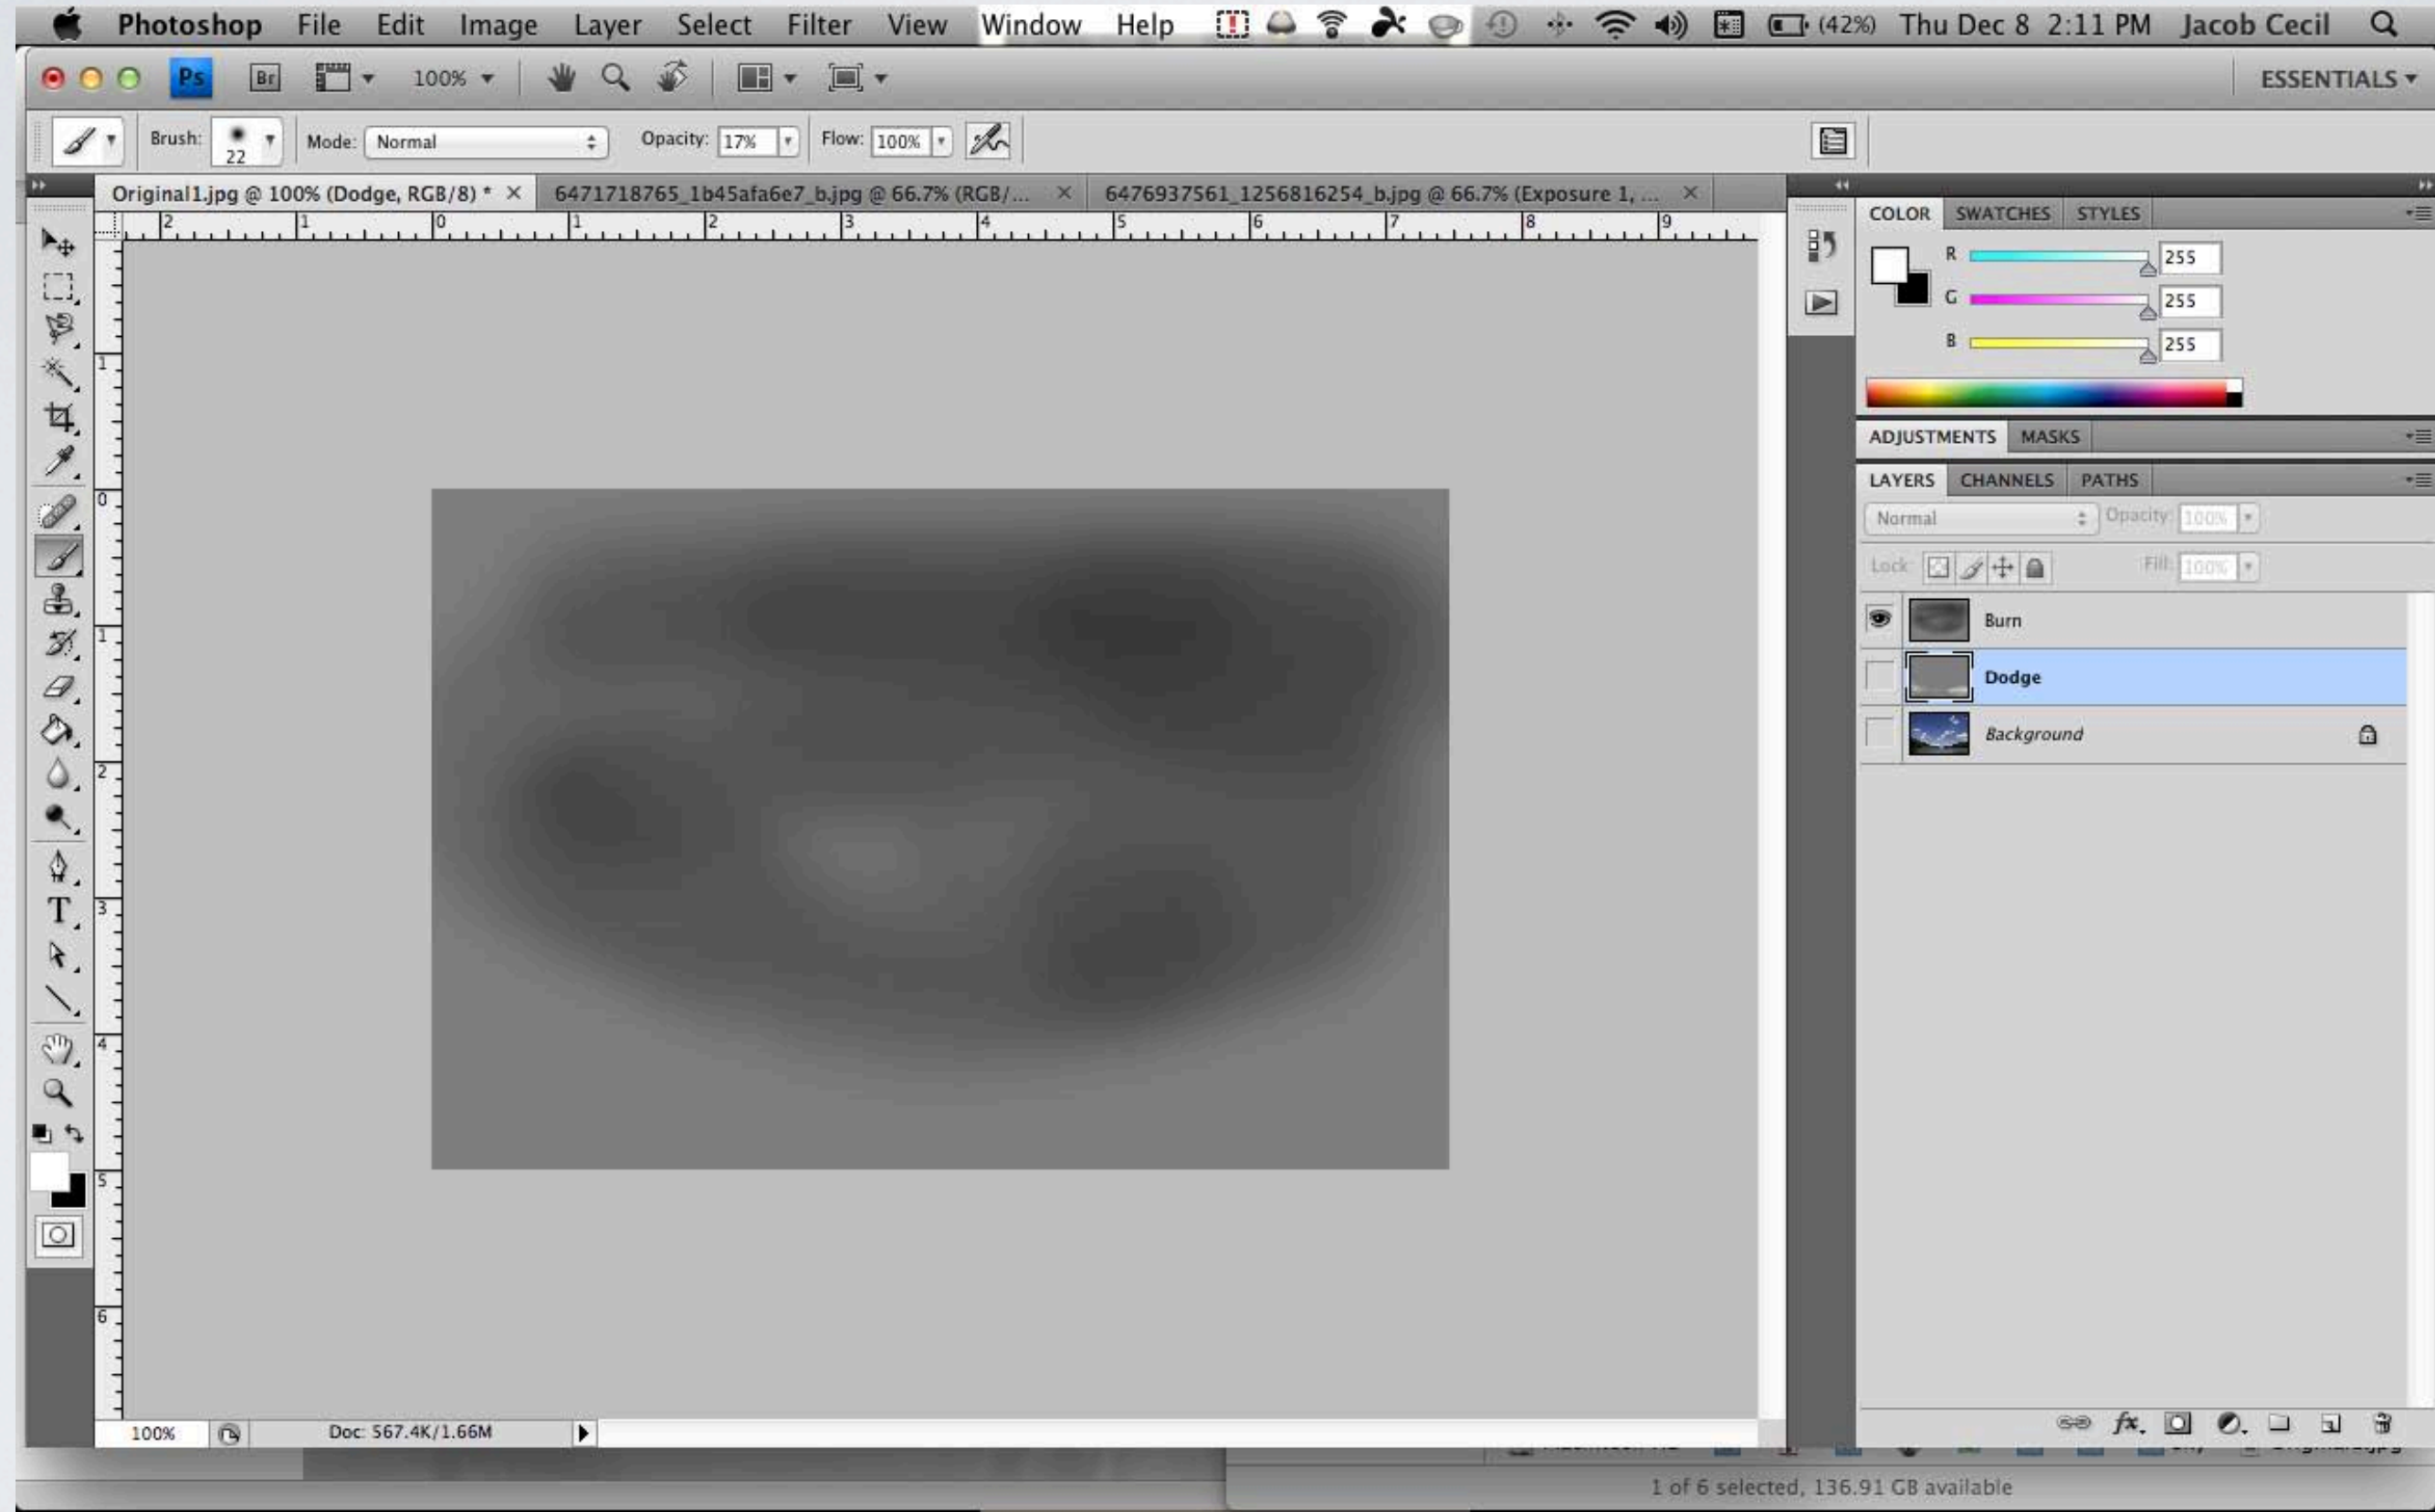

Press D to set your foreground color to black and background color to white

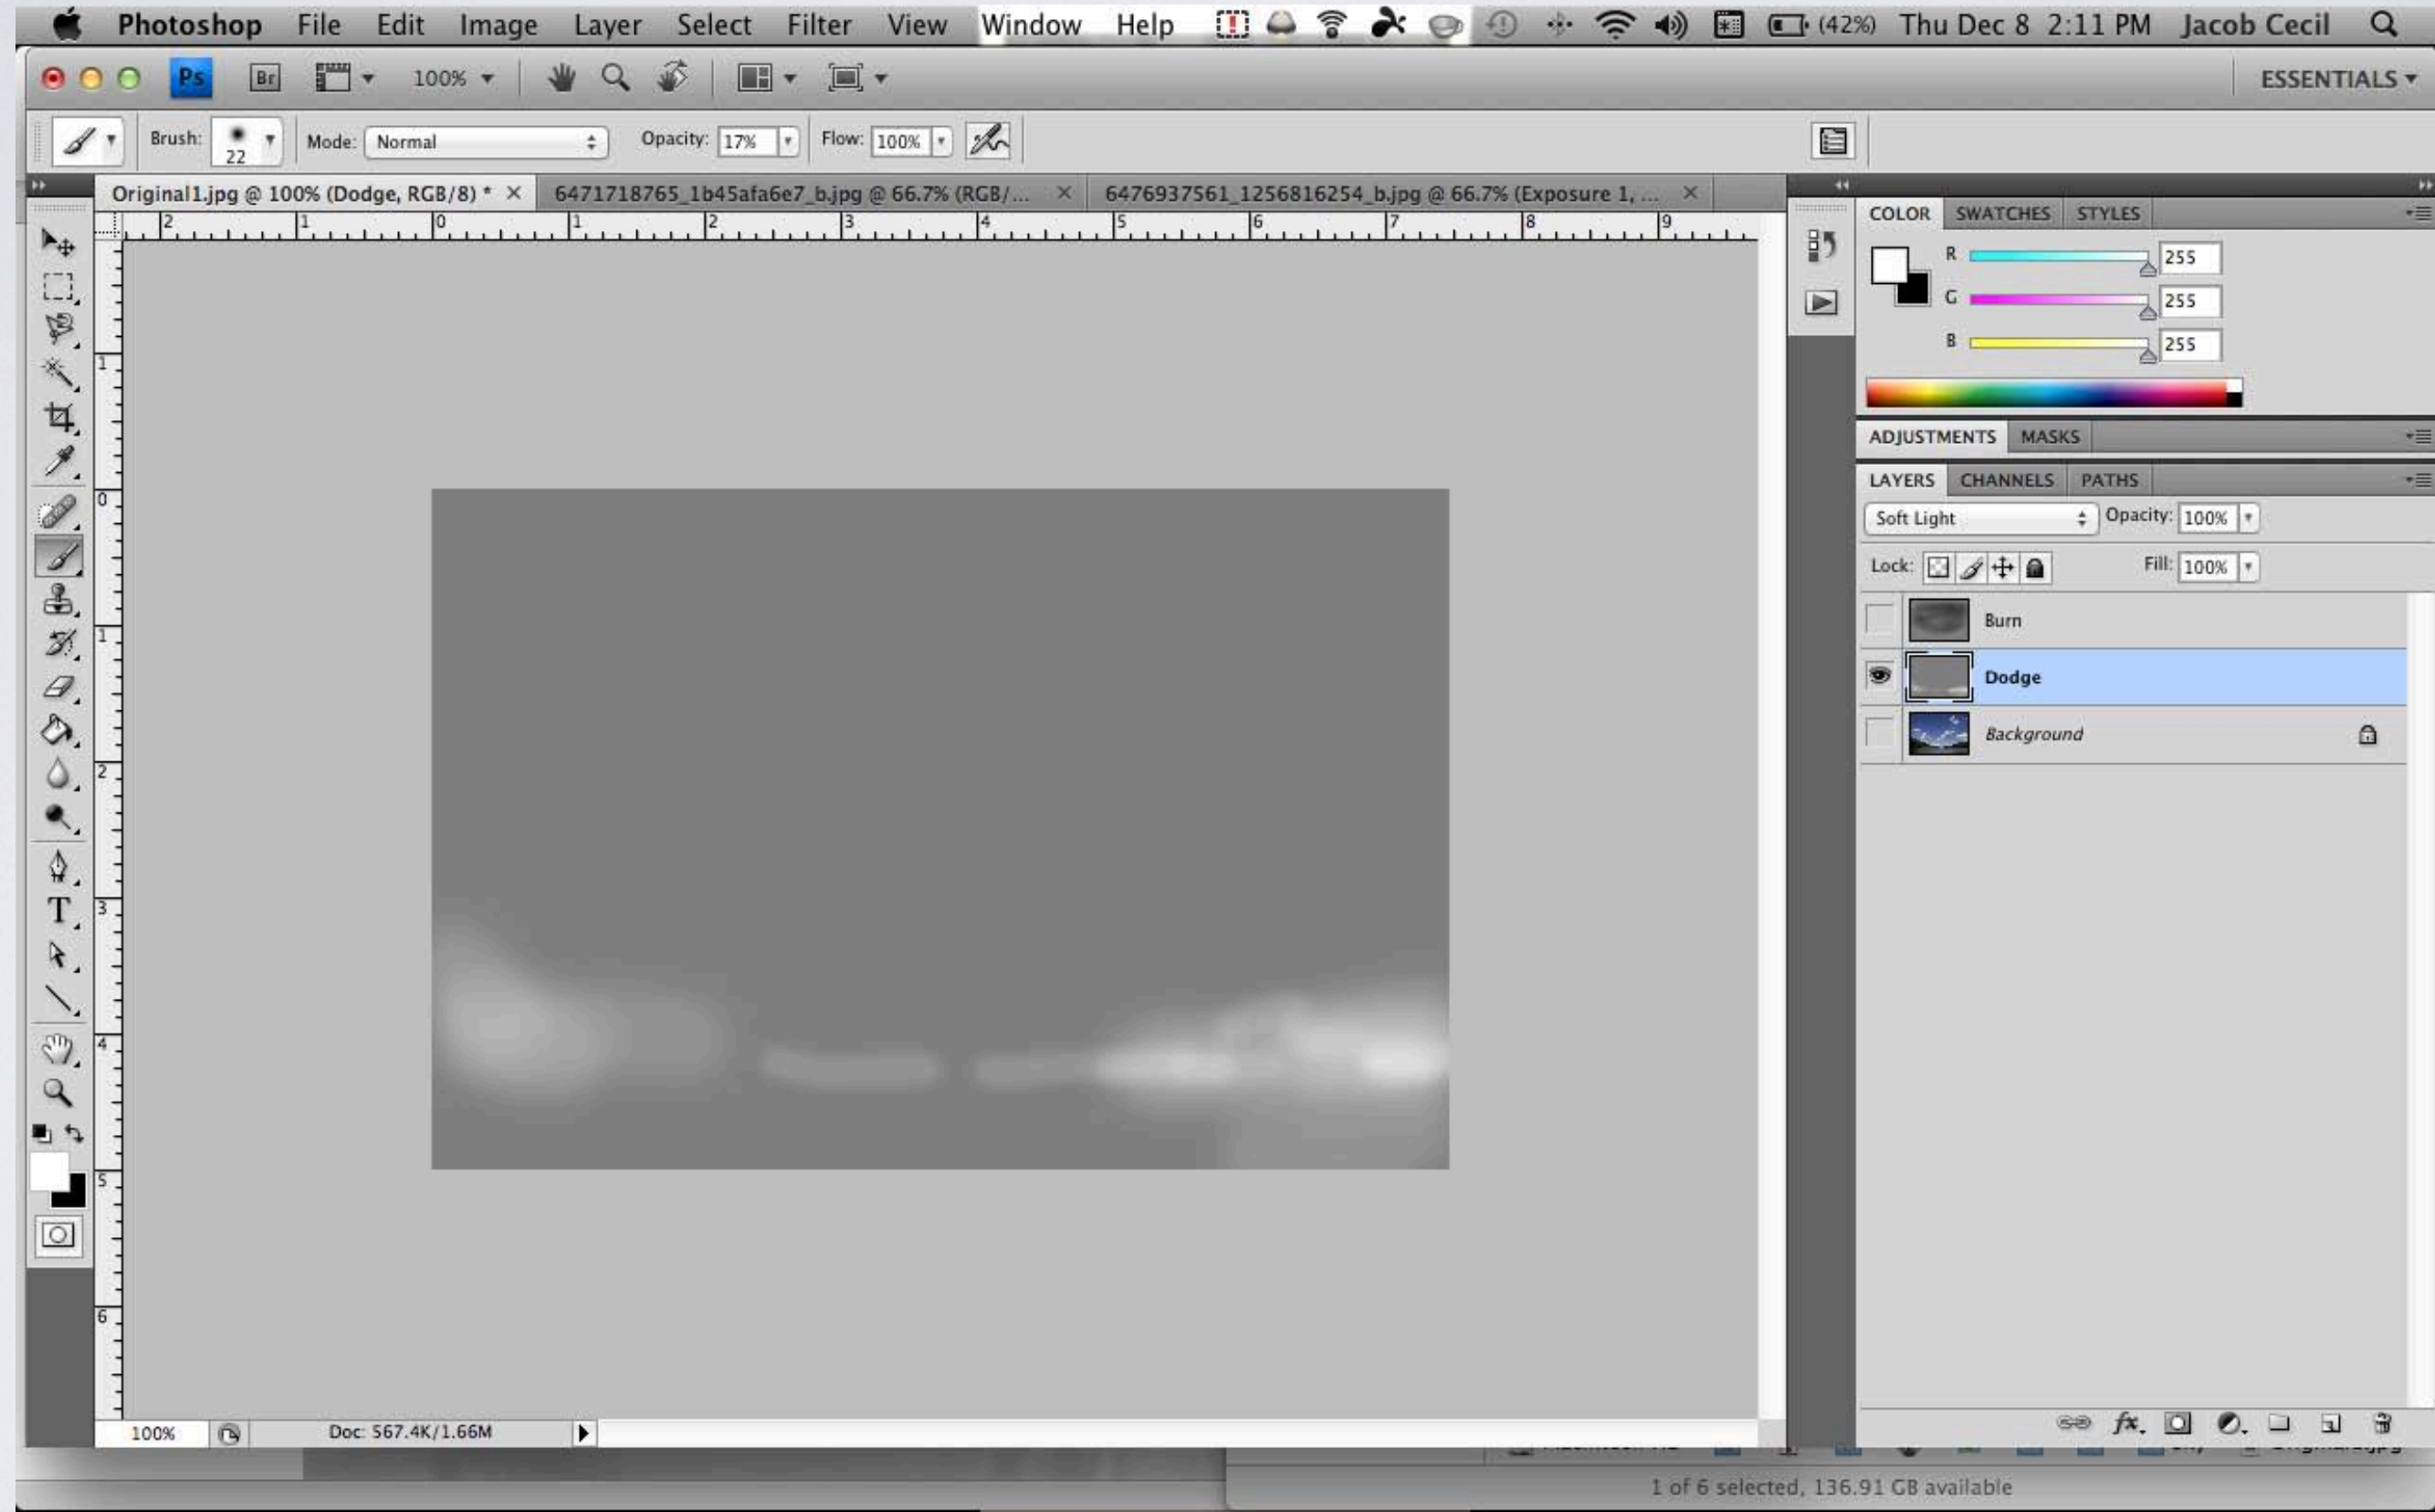

Adjust your brush diameter, set the Hardness to 0, reduce your Opacity to under 20%
